Rockwall Independent School District Dorothy Smith Pullen Elementary

2023-2024 Improvement Plan

Mission Statement

Pullen Elementary nurtures positive relationships and equips learners to grow academically and social-emotionally to achieve their full potential as global citizens.

Vision

Our vision is for our students to be well prepared for their future, wherever it will lead them.

Comprehensive Needs Assessment

Demographics

Demographics Summary

Demographics

	Percentage
American Indian/Alaskan Native	0.18%
Asian	2.19%
Black or African American	6.93%
Native Hawaiian/Pacific Islander	
White	63.69%
MR	4.38%
Hispanic	22.63%
ELL	6.74%
Eco Dis	24.96%
Male	50.36%
Female	49.63%

Demographics Strengths

Pullen has a diverse population. Over the last several years, our population of ESL students has grown along with the special programs students we serve. During the 22-23 school year, we will house 3 classes of special programs on our campus. The population of students blends very well. Our campus embodies a mindset of all students are **our** students, regardless of socioeconomic background or special need.

Problem Statements Identifying Demographics Needs

Problem Statement 1: When looking at our Eco Dis & Hispanic subgroups, 20-25% of Pullen's students within these sub population groups are not meeting standard by approaching grade level on STAAR. **Root Cause:** Effective professional development and mindset change has not been effectively implemented.

Student Learning

Student Learning Summary

Grade Level	Reading Approaches	change	Reading Masters	change	Math Approaches	change	Math Masters	change
3	84	-3	47	13	91	4	43	-1
4	84	-3	41	3	85	-10	40	-7
5	91	9	35	-1	91	5	33	8
6	85	0	40	2	94	4	48	5

Grade Level	Writing Approaches	change	Writing Masters	change
4	82	-9	17	-15

Grade Level	Science Approaches	change	Science Masters	change
	89	10	23%	15

Closing the Performance Gap-Sup groups	Econ Disadv	Hispanic
Reading Performance	78	75
Math Performance	74	82
Writing Performance	75	
Science Performance	81	

Student Learning Strengths

In Reading, Pullen's Masters Grade Level is 35% or higher.

In Math, Pullen's Masters Grade Level is 33% or higher.

1/3 or more of our students are mastering grade level across grades 3-6.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: When looking at closing the performance gap, our ESL students and Economically disadvantaged students are not performing to the level of their peers. **Root Cause:** For our ESL students and economically disadvantaged students, home support is not always equivalent to our students not included within designated sub pops. Also, with our changing population, effective training and support for teachers has not been adequately provided.

School Processes & Programs

School Processes & Programs Summary

At Pullen, all staff are highly qualified. Support systems for teachers include: campus instructional coaches, instructional technology specialist, SAGE specialist, and ESL specialist. The campus leadership team is engaged in analyzing data, identifying needs and next steps, and enlisting the support of campus staff. PLC meetings are held weekly. Leadership opportunities are encouraged on a variety of committees. Campus and district level curriculum support and resources are provided to support teachers in implementing district curriculum.

School Processes & Programs Strengths

Over the last three years, PLCs at Pullen have focused on DuFour's 4 essential PLC questions to focus on student learning outcomes and next steps. Also, our MTSS/RTi processes have become more succinct. Goal setting and data tracking based on TEKS performances have been an integral part of our processes over the last school year as well.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Differentiation and learning scaffolds are not in place campus wide for all students. Root Cause: District level processes and accountability have not been in place until current school year.

Perceptions

Perceptions Summary

At Pullen Elementary, our campus focuses on authentic home/school relationships. We have an exceptionally active PTA. Our campus supports students in need by providing backpacks filled with food bank items weekly. Parents volunteer in the library, to support teachers in learning experiences along with other needs that may arise. The PAW Patrol program allows an opportunity for male role models to be a part of their child's education by volunteering at school.

The Pullen Connection is our weekly school newsletter providing families with upcoming events, praises, and ways families can be supported as well as provide support. Our library media specialist updates our website with student spotlight articles and accomplishments.

Students describe Pullen to be a place they are cared for, feel involved, and are safe. We engage a community of students building leadership skills by starting initiatives, such as fundraisers, and volunteering their time in younger grade levels.

Our core values are Relationships, Growth, and Resiliency.

Perceptions Strengths

Home and school communication is a current strength at Pullen Elementary. During this school year, our schoolwide weekly newsletter has reached on average over 600 recipients.

In the fall, Pullen teachers hold individual conferences with all students and parents. Students are able to share their goals, current accomplishments, and teachers are able to make an initial connection with families.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Ongoing communication for student progress for all families is not consistent. Root Cause: Language barrier and parent involvement for low socioeconomic status, single parent house holds, and dual income families is an obstacle.

Priority Problem Statements

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals

Accountability Data

• Texas Academic Performance Report (TAPR) data

Student Data: Assessments

- State and federally required assessment information
- STAAR released test questions
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Istation Indicators of Progress (ISIP) reading assessment data for Grades PK-2

Student Data: Student Groups

• Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

• Attendance data

Employee Data

- Campus leadership data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

• Parent surveys and/or other feedback

Goals

Goal 1: The overall Performance Index Report for 2024 Accountability for Dorothy Smith Pullen Elementary will show an increase in STAAR Performance from a scale score of 95 or higher.

Performance Objective 1: Increase student performance of all students achieving meets or masters and from 2022-23 school year to 2023-24 school year by 5% on reading assessments as measured by STAAR.

Evaluation Data Sources: STAAR Reading Assessment Results, STAAR Performance Data Table
